Hi Marty (Jayne and Alan, FYI), I'm working on the CZARA Ag-pesticides, and found the state document with responses to our questions on ag in CZARA. See the link below starting on page 20. The state's letter dated March 20, 2014 is in response to EPA and NOAA's December 20, 2013 federal register notice where we asked the public to comment on different pieces.
